Gallery Four, an independent exhibition space in Downtown Baltimore will feature sculpture, installation, and works on paper by four artists from Norway, Chicago, and Baltimore. *Terms of Use* surveys our relationships to materiality and technology through naturalist meddling, sci fi curiosity, and salty humor.

Gallery Four is a 10,000 sq. ft. facility that features six live/work artist studios and a contemporary art exhibition space. Gallery Four is located in downtown Baltimore's H&H building.
